

Re: Civic Center Joint Use Project

I urge you to support the Civic Center Joint Use Project and to ask you to fund it. This Project will make our Civic Center a place to come to for recreational and cultural community activities and make our high school a place its students can be proud of.

Thank you

---

Re: Civic Center Joint Use Project

We need to have more playing fields in Santa Monica. The Civic Center Joint Use Project will give us three that we can use for football, soccer, rugby and lacrosse.

Thank you

---

Re: Civic Center Joint Use Project

The idea of having three places to experience music, dance, theatre when the Greek Theatre is renovated as is proposed in the Civic Center Joint Use Project is wonderful for the residents of Santa Monica. Please make it your most important priority and make sure there is money to build it starting as soon as possible.

Thank you

---

Re: Civic Center Joint Use Project

Being able to bicycle through the campus at Samohi and get to the Pier, the beach and Palisades Park is the best part of the Civic Center Joint Use Project. We need to have more bike-friendly paths like this one. Please make the Project your highest priority.

Thank you

---

Re: Civic Center Joint Use Project

I've lived in Santa Monica all my life and for once I'm excited about what can do for our Civic Center and our high school. The Civic Center Joint Use Project is a wonderful way to bring us together to play and enjoy the arts. I strongly urge you to fully support this project and start it as soon as possible. You have been talking about working on the Civic Center for twenty years and all we have is that awful parking lot. This project will start to make the Civic Center something we can all be proud of.

Thank you

---

Re: Civic Center Joint Use Project

The Civic Center Joint Use Project has a lot of great plans for Samohi that will benefit the whole community. Please show us that you support our community by making it your highest priority.

Thank You
